<b><u>NPH7</u> Mt. Vesuvius by 4x4 &amp; Hike, Wine Tasting &amp; Herculaneum</b>  	
<b>Prices:</b> Adult 149.00 / Child 149.00 USD	<b>Duration:</b> 8 hr(s)
<b>Restrictions:</b> N/A	<b>Departure Times:</b> 8:30 am

Leaving the port, you will drive south via the motorway towards Mount Vesuvius, Europe's only still-active volcano that is located on the west coast of Naples.

Board a special 4x4 coach, which will drive through the National Park of Mt. Vesuvius. During the drive you will relax while looking at the Gulf of Naples and passing through a beautiful path full of trees.

At approximately 3,000 feet, begin your trek on foot over narrow paths that zigzag up the mountain another 1,000 feet. Once on the rim of the crater walls, you will skirt the edge with an official alpine guide while enjoying this natural phenomenon and the panoramic views that includes Naples and its bay.

After visiting this unusual phenomenon, reboard your coach and drive to a nearby winery that produces the famous Lacryma Wine. Visit their vineyards and learn how the famous Wine Lacryma Christi of Mt. Vesuvius is produced. Then sit down for a taste of their wines and a light lunch before driving to the Ruins of Herculaneum.

Another victim of the fiery temper of Mt. Vesuvius was the village of Herculaneum, which buried under the mud and lava, lives on its uniquely preserved atmosphere. This elite Roman resort was devastated by the same volcanic eruption that buried Pompeii in 79 AD. Unlike the ash and lava that devastated Pompeii, Herculaneum was covered by a torrent of mud, which protected the ruins from illegal excavators. This natural preservation of wooden elements, foodstuffs, fabrics, and architecture provides a fascinating and intimate look into a Roman's private life of the time.

Notes: This tour involves extensive walking over uneven terrain. Caution is advised when walking across hardened lava and rocky ground where crevices still exude fumes and heat. Passengers with a history of heart disease or high blood pressure should not participate. Guests should wear comfortable walking shoes, hat, and bring sunblock.

## Rome (Civitavecchia), Italy

07-Aug-2014

Throughout Europe, please be aware that ongoing restoration work is being carried out in many of the towns, cities and venues visited which is beyond the control of Celebrity Cruises Inc.

Due to the high volume of visitors and to help preserve the historic towns and centers, many cities have strict parking regulations. This may involve extensive walking from the bus parking lot to the various venues and sights visited. During the peak summer months you may encounter large crowds in each city or venue. Due to this reason, local guides may decide to alter the tour itinerary and the order in which it is accomplished. It may not be possible to visit all sites listed and there may be long lines (queues) to enter the popular venues. This is beyond the control of the local tour operator or Celebrity Cruises Inc.

Please be aware that at certain times there may be a mass taking place in St. Peter's Basilica, without previous notice. In the majority of cases, the guide(s) will give an explanation or description from the outside and guests will be allowed to enter the Basilica individually. ## Florence/Pisa (Livorno), Italy

08-Aug-2014

Throughout Europe, please be aware that ongoing restoration work is being carried out in many of the towns, cities and venues visited which is beyond the control of Celebrity Cruises Inc.

Due to the high volume of visitors and to help preserve the historic towns and centers, many cities have strict parking regulations. This may involve extensive walking from the bus parking lot to the various venues and sights visited. During the peak summer months you may encounter large crowds in each city or venue. Due to this reason, local guides may decide to alter the tour itinerary and the order in which it is accomplished. It may not be possible to visit all sites listed and there may be long lines (queues) to enter the popular venues. This is beyond the control of the local tour operator or Celebrity Cruises Inc.

All sightseeing will be on foot since large coaches are not allowed in the main center of Florence. The majority of the walking will be over cobblestone streets or flat even surfaces. Proper attire that covers shoulders and knees is recommended for both men and women for visits to the religious venues. Comfortable walking shoes are recommended for every shore excursion.

During the months of October through June, most major shops are closed on holidays, Sunday and Monday mornings and daily from 1:00 pm until 4:00 pm. During the months of July through September, major shops are closed on holidays, Saturday and Sunday afternoons and daily from 1:00 pm until 4:00 pm. While major stores will be closed on the days listed above, most leather and souvenir shops will be open.

The drive between Livorno and Florence is approximately 90 minutes, subject to traffic conditions. Transportation has been obtained for the journey; however, the vehicle's air-conditioning system may not be to North American standards.

For a select shore excursion to be provided in another language (i.e. Spanish, French, German and/or Italian), the required minimum of 25 guests must be met. Please contact the Shore Excursion office directly on board the vessel for further details.

## General Information

No other part of the world is so richly embellished in history, culture, and spectacular scenery as in Europe. Your cruise vacation will take you to some of the most exciting ports in Europe. The days ashore present an invitation to adventure, education, and enjoyment. Organized Shore Excursions give you the opportunity to explore the many fascinating places you will want to see. To ensure the best possible sightseeing, Celebrity Cruises has planned a varied program of excursions ranging from simple to sophisticated, in tune with existing conditions in each port. These excursions are arranged and operated by independent agencies, with experienced guides to escort you. This brochure lists the descriptions of the available Shore Excursions at each port of call. Most Shore Excursions may be purchased in advance. Certain excursions are limited in the total number of participants; therefore, for your convenience, we recommend you advance purchase. Also, please note that all tour duration times are approximate and can change without prior notice.

When should I reserve my Shore Excursions?

This brochure contains brief descriptions of tours available. Please book your excursions as soon as possible since some shore excursions can accommodate only a limited number of participants. Tours are sold on a first-come, first serve basis and we recommend that you purchase them in advance of your cruise in order to avoid disappointment. On board, you may purchase tours through the interactive TV system in your stateroom (if available), by booking form dropped at the excursion desk or directly at the Shore Excursion Office during the hours advertised in the ships daily program. Please send all accessible tour inquiries and requests to [shorexaccess@celebrity.com](mailto:shorexaccess@celebrity.com) no later than 21 days prior to the sail date. NOTE: Not all destinations offer accessible shore excursions

How can I book shore excursions in advance via the Internet?

You can purchase your shore excursions online by visiting our website, [www.celebrity.com](http://www.celebrity.com) at any time. To pre-book an excursion, you will need your cruise reservation number (obtained from your travel agent or reservation agent), ship name, and sailing date. Once you have completed your purchase, an immediate recap of the selected tours will be provided along with a final e-mail confirmation when your credit card purchase is approved. Your purchased tour ticket(s) will be delivered to you in your cabin. Kindly note that you have up to 4 days prior to your sail date to purchase your shore excursions online. Once within the 4-day sail date deadline, the booking system is closed and tours are no longer available for pre-booking. From this point, all guests must book their excursions on board the vessel on a first-come, first-serve basis. Your stateroom attendant will deliver your purchased ticket(s) to your cabin on the evening of embarkation. If you do not receive your tickets in your stateroom, please inquire at the Shore Excursion Office as soon as possible.

What is a Tender Port of Call?

There are some ports where the ship remains at anchor. Either the ship's boats (tenders) or local boats will be used to transport you back and forth between the ship and shore. Tender ports are indicated on the itinerary pages.

What do Shore Excursions include?

Shore Excursions include transportation according to the itinerary, meals, refreshments, guides, and entrance fees as indicated. Fares for Shore Excursions are subject to change without notice. All prices quoted are based on tariffs and exchange rates current at the time of printing, and are subject to increase with or without previous notice consequent upon any increase in the basic tariff and/or exchange fluctuations, which may accrue prior to commencement of the tours.

Prices of shore excursions are quoted per person and generally include available local transportation, ranging from coaches, taxis, limousines, and boats. Meals and local taxes are included where specified. Where tours are operated by car, 2 to 3 persons are allocated to each vehicle. Prices do not include any expenses incurred in returning to the ship should it be elected to leave the group before the tour is completed.

When and where do Shore Excursions depart?

Most tours will meet in a lounge on board the ship prior to departing. When the ship is at anchor, staff will be on hand to assist you to the departure point.

Timings have been established according to information received from the local tour operators but are subject to alterations should

the vessels arrival time at the port be delayed or circumstances arise whereby the itinerary for a particular excursion must, necessarily, be amended. Guests should be mindful of the fact that at ports where the ship lies at anchor, the afternoon excursions commence from the dockside, not the ship. Guests should, therefore, allow at least 30 minutes for the tender ride to shore.

When booking more than one tour in a day, please allow at least 60 minutes between the return of the first tour and the departure of the second tour.

Tour departure times may vary from those listed on the order form, especially in ports where the ship must tender guests ashore. Please check your tour tickets for the time and location of departure. No announcements for the tours will be made on board the ship.

Is it possible to miss the Ship?

All guests are required to be back aboard ship no later than 30 minutes prior to the scheduled departure time, which is listed in the Daily Program and posted at the gangway. The scheduling of all Shore Excursions conforms to this requirement. If you leave a tour en route; however, it will be your responsibility to secure transportation and return to the pier on time. If for any reason a ships excursion is delayed, the ship will be notified and await the tours return.

What type of transportation is used for Shore Excursions?

Standards of transport vary considerably; however, Shore Excursions utilize the best quality transportation possible in each port. Air-conditioned vehicles are not always available nor do all tour buses have restroom facilities on board. Please note that some countries have local restrictions and/or zoning laws that prohibit the use of the on board facilities and prohibit the idling of engines while parked at the various venues. The air-conditioning systems may not be to North American standards. Please also bear in mind that cars, taxis or mini-buses may be used in some ports where coaches are not available or are limited.

What if I wish to take the same coach as my family or friends?

Guests wishing to travel with friends should proceed to the point of departure as indicated on your shore excursion tickets, as this will help the tour staff to allocate space in the same vehicle.

What if I wish to tour on my own?

Guests who do not join these prearranged shore excursions must, therefore, rely on whatever transportation equipment might be available, and they are advised that the drivers are not under supervision. Such drivers may not be informed of the sailing hour of the ship and it is not certain that they will follow routes that are more desirable. In addition, considering the limited transportation facilities in some ports, relief cars may not be obtainable in case of breakdowns along the road. Tours are the best way of seeing the country during a stay at a cruise port of call and they have been arranged so the guests see as much of interest as possible.

Will I have time to shop?

Whenever possible, shopping time has been allocated within the framework of the excursions. However, tours are not designed for shopping and time is limited.

How do I pay for Shore Excursions on board?

The only way to pay for Shore Excursions on board is through your shipboard credit system for which you sign up after boarding the ship.

\*Children's tickets are available on some tours for guests aged 4 years to 12 years (inclusive). Guests aged 13 and over will be charged the adult price. A parent or guardian must accompany guests under 18 years of age. Infants 3 years and under will be carried free of charge, subject to them not occupying a seat.

Prices included herein are subject to change at any time and may vary by sailing. We suggest booking your excursions at [www.celebrity.com](http://www.celebrity.com) for current prices.

How strenuous are the Shore Excursions in each port of call?

Most of the cities you will be visiting during your cruise vacation were built without regard for the modern conveniences and freedoms we may take for granted today. They offer quaint, narrow, cobblestone streets, and large bustling walkways that have been in existence long before the advent of motorized transportation. To preserve their antiquity, many cities and old towns are

pedestrian-only, and may not be conveniently accessible for guests with mobility impairments. All of the Shore Excursions require some degree of mild, moderate, or strenuous walking. Likewise, venues that have grand entryways, multiple stories, and sprawling gardens, make stair-climbing a necessity. To assist our guests, we have rated each Shore Excursion within this brochure by the amount of walking and stair climbing needed to fully participate in the excursion as indicated by the tour description.

The Shore Excursions presented in this brochure require the guests to use a coach or other forms of transfer which will require you to step up 2 to 3 steps, approximately 10 inches high each. Most (but not all) coaches used can accommodate collapsible wheelchairs to be stored in the luggage compartment underneath the coach. However, it should be noted that escorts, drivers, guides, and shipboard staff are not obliged to lift guests into the vehicles. Lift-vans and/or coaches are not available in all ports of call. Tendering may preclude guests in wheelchairs from going ashore at certain ports of call. For tendering procedures, guests with special needs should contact our Access department at [special\\_needs@rccl.com](mailto:special_needs@rccl.com) or by calling (866)592-7225.

Due to the various celebrations taking place during the year, kindly note that certain circumstances may arise where the tour content or itinerary may have to be altered without prior notice. This is beyond the control of either the local tour operator or Celebrity Cruises Inc.

Please note there are certain excursions that for safety reasons, age, weight, and/or height restrictions apply. The individual vendors impose these restrictions and Celebrity Cruises must comply accordingly.

Guests wishing activity type tours (i.e. biking, kayaking, hiking, etc.) should be in excellent health and make themselves aware of the physical, age, and fitness requirements before making a value judgment as to whether or not to participate. Any guest with limitations, who are pregnant, who have had recent surgery, or are taking prescription drugs, should check with the excursion office before booking any activity type tours.

By booking the excursion, you are also confirming that you and your party are in good physical and mental condition and have no history of seizures, dizziness, fainting, heart conditions or respiratory problems. You also confirm that no one is taking medicine that carries a warning about impairment of physical or mental abilities.

For the comfort of all our guests, smoking is not permitted aboard any sightseeing vehicle or transport. Kindly note the below symbols act only as a guideline and guests must make their own judgment regarding participating in tours.
